Earning rave reviews and top honors at over a dozen film festivals nationwide, *Fowl Play* takes viewers on an unforgettable journey behind the closed doors of some of the country's largest industrial farms. Propelled by touching interviews with animal rescuers, undercover investigators, veterinarians and animal behaviorists, *Fowl Play* brings us the inspiring stories of the kind and courageous people fighting to save the modern day hen – perhaps the most abused and exploited animal on earth. An eye-opening exploration of factory farming, *Fowl Play* leaves viewers with a powerful message of personal responsibility and the potential each of us holds to change the world – one meal at a time.
